RETRANSMITTED WITH COMPLIMENTS:-

5 It is not the intention of the Government Press to monopolise the Rubber stamp making industry in the State. On the lines of the prevailing practice in almost all the Provincial Government Presses, viz., the Madras Government Press, etc., the manufacture of Rubber stamps in the Mysore Government Press, and their supply to Government departments has been sanctioned. Moreover, due to the abnormal war - conditions, it is also very economical to adopt the all-India practice since a well equipped Press like the Government Press with a work-shop attached - thereto affords all facilities for their manufacture and what is more, most of the materials from old Rubber stamps can be made use of, thus preventing waste.

6 In view of the resolution passed by the Cottage Industries Committee, the scope of the Government Order No.A.F.136-2157 P & S.164-41-2, dated 9th July 1942 may, if Government approve, be restricted to

Yes B.

to only such of the departments of Government who are getting free supplies of Stationery articles from the Stationery Depot, thus releasing a large number of big departments of Government like the following, for being supplied by private manufactures of rubber stamps, apart from the big demand they usually have from the general public, and the private commercial concerns in the State.

1. University of Mysore.
2. Mysore Govt. Life Insurance Department.
3. Electrical Department.
4. Mysore Railways.
5. All factories and workshops of the Industries and Commerce Department.
6. The Bhadravathi Iron & Steel Works.
7. Government Sandalwood Oil Factory.
8. Government Porcelain Factory.
9. Government Soap Factory.
10. All Local Boards and Municipalities.
11. Village Panchayet work in Taluk Offices and Record of Rights work in Taluk and Sub-Registry Offices.
12. Exhibition Committee.
13. Other quasi-Government departments and Factories, etc.,

Sir,

Sub:- Rubber stamps.

Ref:- Government Order No.A.F.136-215/
P.&.S. 164-41-2 dated 9-7-1942.

I have the honour to state that on a reference made by the Director of Industries and Commerce, regarding the manufacture of Rubber stamps, by Government Press, the subject was considered by the Cottage Industries Committee at its last meeting held on the 18th October 1942. The Committee observed that a good number of people were earning a small livelihood by making Rubber Stamps in their own homes and a good number of shops also carried on this business on a Cottage Industry basis. The manufacture of Rubber Stamps by the Government Press would cause hardship to the poor Cottage workers who had small means at their disposal. The Committee therefore, resolved to request Government to allow the Industry to be in private hands as otherwise the economic condition of Rubber Stamps makers would be affected adversely. An extract from the proceedings on the subject is enclosed for kind perusal of Government.

I have the honour to be,
Sir,
Your most obedient servant

Director of Industrial Planning
in Mysore.

Extract from the proceedings of the Cottage Industries Committee held on 18-10-'42.

Letter No. D-GL.42/43 dated the 9th September 1942, from the Director of Industries and Commerce regarding the manufacture of Rubbe Stamps by Government Press, and its consequent effects on the people who are engaged in making rubber stamps in their leisure hours.

The Committee agreed with the Director of Industries and Commerce and resolved that Government be moved to allow the Industry to be in private hands as otherwise the economic condition of Rubber Stamp makers, who had small means at their disposal would be affected considerably.
